Drive EV Battery & High Voltage System Warranty

What is covered?

The warranty covers the battery pack and high voltage system for the life of the vehicle or 10 years, whichever is longer. The warranty is limited to the battery pack and high voltage system components. The warranty does not cover the battery pack or high voltage system if the vehicle has been involved in a collision, fire, flood, or other event that causes damage to the battery pack or high voltage system. The warranty also does not cover the battery pack or high voltage system if the vehicle has been used for commercial purposes, off-road use, or other use that is not intended for the vehicle. The warranty is void if the vehicle is not used in New Zealand.
