DRIVE EV
100% ELECTRIC VEHICLES

Drive EV Battery & High Voltage System Warranty

What is covered?

100% Electric Vehicles (EV) are covered by a 10-year/100,000 km warranty on the battery pack and high voltage system. The warranty is transferable to the next owner. The warranty is void if the vehicle is used for commercial purposes or is involved in an accident. For more information, please visit our website or contact us directly.

What is not covered?

The warranty does not cover: physical damage to the battery pack or high voltage system; damage caused by fire, theft, flood, or other external causes; damage caused by misuse or modification of the vehicle; damage caused by use of the vehicle for commercial purposes; damage caused by use of the vehicle for off-road driving; damage caused by use of the vehicle for racing or other competitive events; damage caused by use of the vehicle for illegal purposes; damage caused by use of the vehicle for towing or pulling a trailer; damage caused by use of the vehicle for any other purpose not intended by the manufacturer.

The warranty applies to the original owner and all High Voltage EVs come with the vehicle's Road Edge, wheel, motor, AC and brake system. All new EV and HV vehicles come with a 3-year/100,000 km warranty. Please refer to the Drive EV website for more information on the warranty. The warranty is not available for all models. Please refer to the Drive EV website for more information on the warranty.
