- We have a 3-year/50,000km warranty on all our cars.
- We have a 3-year/50,000km warranty on all our EVs.

DRIVE EV
100% Electric Vehicles

Drive EV Battery & High Voltage System Warranty

What is covered?

The warranty covers the battery pack and high voltage system, which are the most expensive components of an EV. It covers the battery pack and high voltage system for 3 years/50,000km, whichever comes first. The warranty is non-transferable and is void if the car is used for commercial purposes or is involved in an accident.

The warranty is subject to the terms and conditions of the warranty agreement, which can be found on our website.
